The Honorable Walter J. Sullivan
City Hall
Cambridge, MA 02139

Dear Mayor Sullivan:

On Tuesday, March 6, 1975 the Manpower Office was having difficulty with their telephone service. We informed Rose St. George of the trouble and she immediately reported it to the Telephone Company.

It was late in the day before we were able to receive any calls in the office. During the time of our telephone service being out of order Mrs. St. George took it upon herself to take several messages for us.

We would like at this time to extend our thanks and appreciation to Mrs. St. George, and to let you know that a member of your staff is doing an outstanding job.

Sincerely,

S. Allen Toothaker
