Re: Minimum number of parking spaces per unit allowed for new
residential housing development.

Dear Members of the Cambridge City Council;

We of the East Cambridge Stabilization Committee feel that
the present ordinance, setting the minimal number of parking
spaces at 1 per unit in new residential developments should be
amended.

To support the high cost of these new units, most families
now include two wage earners, each of which often has a car.
Along with this, each family is entitled to 2 visitor permits for
on street parking. In consideration of this, the committee
recommends that you increase the minimal number of parking spaces
to at least 1.5 per unit in developments of over 5 units. Thank
you.

Respectfully yours,

Nick Geraigery
Chairman

CC: Members of the Ordinance Committee

5.

S-178

Comm. from Nick Geraigery, Chairman, East Cambridge Stabilization Committee, recommending that the minimum number of parking spaces per unit allowed for new residential housing developments be increased.

In City Council,

March 24, 1986
