

Dear Members of the Cambridge City Council:

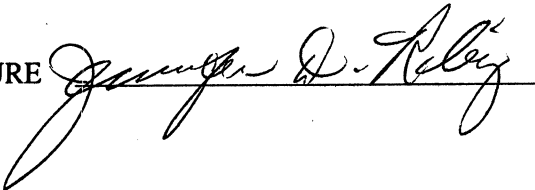

I support the monthly recycling drop-off program run by DPW and the all-volunteer Cambridge Recycling Committee. Thank you for your help in initiating this program : it is a good *start*. I would like to see a more permanent recycling program developed in the near future--perhaps a curbside program. Recycling saves money and eases the strain on our natural resources and on the waste disposal system. I will be thinking of this issue on Nov. 7 when I vote.

Sincerely,
