To the Honorable, the City Council;

In response to Awaiting Report item #35 of 3/19/90 regarding the development of a short and long term strategy for meeting the needs of Area IV, please be informed that I convened a meeting with the Chief of Police, the Assistant City Manager for Human Services and the Executive Director of the Housing Authority during which we reviewed the City Council's goal statement, from which we are drafting a strategy.

Each of the departments with which I met are in the process of drafting elements of the strategy; I intend to submit a comprehensive plan to the City Council at the next City Council meeting.

Very Truly Yours,

Robert W. Healy
