We, the undersigned tenants of the Miller's River Apartments, 15 Lambert Street, Cambridge, urge that action be taken to regularize and improve the monthly bus service that is supposed to take us on trips for lunch, shopping and other activities. Over the past eight months, this bus has only shown up half the time it was scheduled for a trip. Often we have found out on the day of the trip that the bus is in the shop, or no driver was assigned. Everyone in our development is elderly or is a person with a disability. We look forward to these monthly trips and these bus problems are inconvenient and frustrating.
