Sept. 18, 1975

Cambridge City Council
City Hall, Cambridge

Dear Sirs,

I would like to add my support to those in favor of the recently adopted ordinance banning smoking in all public places. Aside from being an established health hazard, many people find smoke to be extremely annoying. The burden should be upon the smoker to find a smoking area rather than on the nonsmoker to find some fresh air.

Sincerely,
Fred Lanni

City of Cambridge

3.
