RE: Mt. Auburn Street Market, Awaiting Report #18

DATE: December 6, 1990

Please be advised that for the past sixteen months we have periodically monitored delivery-related noise in the general area of the Mt. Auburn Star Market. We have found no evidence of violations.

If a noise complaint in this regard should surface in the future, it would be very helpful to identify the address of the complainant and the most frequent times during which the annoying noise occurs. This would help us better determine where and when to take the noise readings.

Please advise if there are questions or comments.
