ALBERT BUSHNELL HART,
HARVARD UNIVERSITY,
CAMBRIDGE, MASS.

15 Appian Way,

Jan 4, 1891.

Dear Mayor Alger:-

The Committee on School Houses and Health in the School Committee will probably have important business sometime hereafter, and I should prefer that the member from Ward I should have more time and experience than I have. I therefore respectfully suggest that Mr Osler be appointed to the place which I now hold. That part of the school work which most interests me is the nature and efficiency of the Grammar school course.

Sincerely yours,
Albert Bushnell Hart
