To the Honorable, the City Council:

In response to Awaiting Report #36 regarding the identification of Land Boulevard on City maps, Ralph Dunphy, Commissioner of Public Works, reports the following:

The commonly used 1985 Community Development map identifies Land Boulevard as Commercial Avenue. It is also called Commercial Avenue on the City Assessors' Plan. The name was officially changed to Edwin Land Boulevard by the City Council on April 13, 1989.

The Geographic Information System (GIS) has corrected the name of this street. Street names are currently maintained in several different database files, and as a part of the citywide GIS mapping project, a Master Street Name Index has been developed, which correctly identifies Land Boulevard and other recent street name changes. The Street Centerline File in GIS, which is used by the City's 911 system, correctly identifies this street as Land Boulevard. The development a new City Map, indexing all street names and including pertinent municipal service information, will be undertaken in FY98. Updated Assessors' maps are also in process of being developed.

Very truly yours,

  
Robert W. Healy  
City Manager
