Dear Mr. Healy:

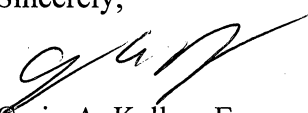

On behalf of the North Cambridge Stabilization Committee (NCSC), I would like to extend our sincere thanks for the support you gave Sarah Boyer with her North Cambridge Oral History Project.

As you know, her project wound up being a very professional, interesting and informative book that provides even a relative newcomer such as myself with great insights into our wonderful North Cambridge Community. Your support of this project, combined with Ms. Boyer's considerable abilities and her exceptional subject matter, allowed it to be such a success. My copy rests on my nightstand and I have lost more than a few hours sleep by flipping through its pages for what was supposed to be only a few minutes but wound up being much longer.

As an aside, I owe you a personal apology for the considerable tardiness of this letter. The NCSC actually voted to send you a letter of thanks when I was originally chair, well over a year ago, but I never got around to writing it. Given how quickly I am able to send more critical letters out, I cannot offer any excuses for the tardiness of this one. Please rest assured, however, that the late timing of this letter in no way reflects the Committee's ingratitude for your services in this regard and any issues regarding the many months it took to write this note should be laid solely at my feet.

Thank you once more for helping create a wonderful piece of cultural history in the neighborhood that so many of us love and are so happy to call home.

Sincerely,

Craig A. Kelley, Esq.
