September 20, 1973

The Honorable, the City Council
City Hall
Cambridge, MA 02139

Dear Councillors:

As you know from earlier communications, the Planning Board and Department of Planning and Development have been conducting an analysis of the re-use potential of the former City Dump. This analysis has been completed and this Board has reached a point in the review of the analysis with City department heads and members of the public where it is appropriate to make a formal recommendation to the City Council on use of the Dump site.

We request, therefore, that the City Council place on its agenda for the meeting of October 1, 1973, a presentation by the Planning Board and the Department of Planning and Development of the analysis and recommendations on the dump site.

Sincerely,

Arthur C. Parris
