In Board of Aldermen, May 29. 1861-

Ordered, The Committee on Roads and Bridges to which was referred the Petition of W. A. Churchill and others for the acceptance of Vine Street - between Third and Fourth Streets, has considered the subject - and would respectfully Report:-

That said street is not now in a proper condition for acceptance, as it requires to be graded. Before such grading however it would seem necessary that a sewer should be built in said street in pursuance of a Petition now on file. - The Committee would therefore recommend that said Petition for a sewer be taken from the files and referred to the Committee on Reservoirs and Drains. - and that no further action be taken at present in relation to the acceptance of said street.
