Subject : Council Order #7 - 8-06-79 - Councillor Crane
Energy Audit on All Public Buildings

Please be advised the Public Works Department is preparing applications to the Commonwealth of Massachusetts Office of Energy Resources for funds to do energy audits of all the public buildings in the City under our jurisdiction.

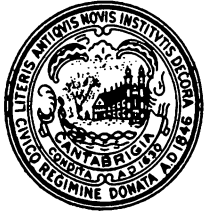

You may recall that the Department three years ago did preliminary work with the Firm of Griffin Associates for some work; during the past three years we have implemented many of their recommendations. It is hoped that as a result of the energy audit to be performed, we will be able to develop a long range plan for improving the remainder of our buildings.

I will keep you informed as to this work.
