WHEREAS: There are currently many so-called "Brownfields" being developed, or in the permitting process for development throughout Cambridge; and

WHEREAS: Most Cambridge residents do not know where these "Brownfield" sites are located, or what dangers may be associated with the contamination contained within these sites; and

WHEREAS: When work begins on these "Brownfield" sites the cap holding the contamination in place is often broken; thus increasing the possibility of Cambridge residents coming in contact with contaminants; now therefore be it

ORDERED: That the City Manager be and hereby is requested to instruct the City Solicitor to draft an ordinance requiring developers of contaminated sites to post an appropriately sized sign notifying passers by that said site is contaminated, and what type of contamination is located at said site.

In City Council June 5, 2000.

Adopted by the affirmative vote of nine members.
