

Cambridge, September 9, 19 83

To the Honorable, the City Council of the
City of Cambridge:

The undersigned respectfully pray

I have purchased a very old, old, charming grandfather's clock for the new Bavarian Room of the Wursthaus. I now respectfully request your consent in amplifying the mellow tone of the clock with outside speakers to chime on the quarter hour and on the hour. The quarter hours will chime the Woodington, the Westminster and the Canterbury and the hour will ring on the hour.

I do believe it will add charm to the Square; such as, the Big Ben in London and the Glockenspiel in Munich, Germany. Thank you very much for your consideration.

Respectfully yours,

Frank N. Cardullo
