RE: Noise Complaint

Dear Mr. Karapetian:

Please be advised that this department has received a noise complaint from a Cambridge resident against the Kirkland Condo Association, 435 Washington Street, Somerville, Richard Silver, Principle. After investigation by our Chief Investigator, it was determined that noise is, indeed, emanating from one of the six fans located at this address. The fan in question is the first fan in the back, which does not have a consistent cycle.

Since this property is in Somerville, we would like to work with your office to address and resolve this problem.

Would you please contact me, or have the employee in charge of noise complaints contact me, so that we can work together to settle this matter.

Thank you for your assistance.

Sincerely,

Benjamin C. Barnes
Chairman

cc: Andrea Boyer, Chief Licensing Investigator.
