To The Honorable, The City Council:

In response to Awaiting Report Item No. 19, regarding improved lighting in the rear of Jefferson Park, Executive Director of the Cambridge Housing Authority Daniel J. Wuenschel reports the following:

On Tuesday evening, May 10, 1994 City Electrician George Fernandes and Messrs. Keane, Mahoney and Mitchell of the Housing Authority toured the rear of Jefferson Park. It was agreed that the Housing Authority would upgrade its existing flood lights from 150 watt hi-pressure sodium fixtures to 250 watt hi-sodium fixtures. The Housing Authority will purchase six new fixtures and Mr. Fernandes will install them. This upgrade will more than illuminate the Housing Authority property and a part of the adjacent railroad right-of-way.

Mr. Wuenschel expects to have the new lights installed within three week.

Very truly yours,

Robert W. Healy
City Manager
