

2

We residents of Riverside, represented by the Riverside Neighborhood Association, stand with our neighbors at 2 Mt. Auburn Street in defending their homes. This building is a vital community resource, not only for the current tenants, but for the many citizens of Cambridge who continue to struggle with the ever higher cost of living in our community.

We call upon our elected representatives to do their part to ensure the status of 2 Mt. Auburn Street as affordable housing for the elderly and disabled through 2012 and beyond, and we call upon Harvard University to do its part to guarantee the same.

JAN. 22, 2003
