That the Superintendent of Streets and Lanes be instructed, under the direction of Messrs. ~~Resolved,~~

The Joint Committee on Roads and Bridges who were instructed by an order of the 11th to "consider and report on the expediency and also of the probable cost of the construction of a new draw upon West Boston Bridge" have considered the same and respectfully report. They find that the cost of a new draw would be not less than seven thousand dollars (\$7000) and are therefore of the opinion that it will be inexpedient to make any change.
