City Council Members

I am 73 years old and have lived here at Harwell Homes for 25 years. I love my little apartment.

Friday March 28, 2003 while stepping off the curb between 3 & 5 Harwell Drive I fell into the street.

The curbstone is separating from the side walk. These side walks are in bad shape and in need of repairs. I fell so hard. I walk with crutches and now I am afraid to go out. I am in fear of falling again.

Please have someone check on these side walks before someone gets hurt really bad. They need to be fixed.

Sincerely.

Virginia Williams
