

CITY OF CAMBRIDGE
INTEROFFICE CORRESPONDENCE

To Mr. James L. Sullivan, City Manager

Date Dec. 15, 1978

From Mr. *G. Teso* George Teso, Traffic Director

Reference

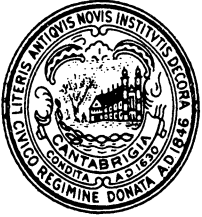

Subject Request for Additional Funds

As requested by the City Council on Monday December 11, 1978, I am listing the information concerning my request for additional funds of \$110,000. This money is needed for the following two reasons.

1. The City of Cambridge has a contract with General Data Computer Company for the processing of parking tickets and parking summonses. The original appropriation was predicated on the issuing of between 400 to 600 summonses per day. Due to the overwhelming response received and with most of the people not contesting the parking tickets, the court decided to increase the number issued to 1000 per day and since our payments are made on the number of units, we need an additional \$50,000 to continue our program.
2. The other \$60,000 is needed to pay our bills due to a series of traffic signal knockdowns that occurred during last year's storms and which were partly paid with this year's appropriations. The money that is collected from insurance companies for these knockdowns under the law must be put into the General Fund and not returned to the Traffic Department.

If there are any other questions concerning this request, I would be happy to discuss it with you.
