

Cambridge April 5th, 1915

To the Honorable, the City Council
of the City of Cambridge:

The undersigned respectfully pray represents

that there is at present no requirement in force which will compel the installation of needful sanitary appliances in the construction of buildings and that the lack of such requirements is a cause of extreme hardship and a menace to the health and the morals of the community, therefore the undersigned respectfully prays that the lack of proper facilities as aforesaid may be remedied by the enactment of legislation compelling employers or contractors to supply such needful facilities.
