

City of Cambridge.

In Board of Aldermen, Dec. 5 1888

~~Ordered,~~

Resolved, That the public necessity and convenience require that the line of Blackstone Street, on the westerly side, - in front of the city land heretofore known as the Mill Pond basin, - should be straightened and changed, and that for such purpose a portion of said street on said westerly side should be widened, by taking a parcel of land belonging to the City of Cambridge, shown on a plan drawn by the City Engineer and dated December 1. 1888, to wit, a strip of land of varying width, bounded and described as follows: Beginning at a point on the northerly side of River Street and forty two feet distant from its intersection with the westerly side of Blackstone Street, and thence running by a curved line of thirty feet radius in an easterly and northerly direction about forty four feet to a tangent line of the proposed widening of said Blackstone Street: thence running northerly about

City of Cambridge.

In Board of Aldermen, 188

~~Ordered,~~

eighty five feet to the present westerly line of said Blackstone Street: thence turning and running southerly about one hundred and ten feet on the said present westerly line of Blackstone Street to its intersection with the northerly line of River Street: thence running westerly on the northerly line of River Street about forty two feet to the point of beginning, and containing about nine hundred and forty three square feet,

It is therefore hereby

Ordered, That the parcel of land herein before described, be and hereby is taken for public use and laid out as a public way and a part of said Blackstone Street, and that the westerly line of said Blackstone Street be and hereby is established in accordance with the line upon the aforesaid plan, dated December 1, 1888, as aforesaid, and now on file in the office of the City Engineer.
