To the Honorable, the City Council:

In response to Awaiting Report #17 regarding the intersection of Magazine and Allston Streets, please be advised of the following:

The Traffic and Parking Department has reviewed the conditions at this intersection including the accident history, speed data and sight clearance. This review indicated that additional clearance is required along Magazine Street. This will allow more time for a driver on Allston Street to see vehicles proceeding south on Magazine Street. Signs were installed on March 19, 1991, increasing the corner clearance from 20 feet to 55 feet. The Department will continue to enforce all parking restrictions in this area.

Additionally, Acting Chief of Police Breen reports the commanding officers of day and night patrol operations have been instructed to have the appropriate route and sector cars conduct selective traffic enforcement in this area.

Very truly yours,

Robert W. Healy
City Manager
