Gentlemen-

In reply to a communication of the 6th inst., from the City Clerk, I would say that the land adjoining Russell Field, which is rented to Dix Lumber Company is a portion of land taken in November 1911, from George H.Cox, by the former Playground Commission.

Section 11 of said Chapter gives care and charge of all property of the Playground Commission to the new Park Commission.

Respectfully,

Section 5. The board on or before the fifteenth day of March in each year, shall present to the city council a report containing a statement of the condition of all the parks, playgrounds, commons and lands under its control or supervision, and of other property connected therewith, with an account of all receipts and expenditures together with any information or suggestions which it may deem important; and shall at the same time transmit the reports of such of its officers or subordinates as it may deem advisable for the information of the city council.

Section 12. The park commissioners shall have the care of the trees in the public streets. They shall cause all statutes and ordinances made for the protection of said trees, the commons and all other public grounds and enclosures not under the general care and charge of the water board, to be strictly enforced, and shall institute legal proceedings against all persons violating such statutes and ordinances.

To the Honorable City Council
of the City of Cambridge

I regret to notice that objection has been raised to the request of the Park Commissioners for an appropriation to clean the Soldier's Monument on the Common. Upon the request of our Association the fence which for some years has been broken has recently been repaired and the cleaning of the monument naturally follows. This monument was erected to commemorate the men from Cambridge who were a part of the more than 3 000 000 men who preserved this Union in '61. In recent years the monument has presented a neglected untidy appearance and today its condition does not reflect Credit upon the City. The days it recalls were days of anxiety and care as some of us can well remember and the City ought not to appear to forget what these men did. The monument is in need of repair as well as of cleaning some of it being in danger of falling out of place The Glen Quarry granite of which it is built is so light colored that from time to time it will be necessary to clean it from the dirt which will accumulate upon its surface. It should always be a fitting memorial of the men of '61 whose courage, perseverance and loyalty deserve recognition. In trust it may always stand as the Chairman of the Committee under whose direction it was built said "a mute but expressive witness to the valor and sacrifice of those sons of Cambridge who went out never to return in life—dying for their Country", some 470 in all

I respectfully petition your honorable body to grant the request of the Park Commissioners and vote the appropriation necessary to make the appearance of the Monument worthy of the City and of those it Commemorates
