

❁ CITY ❁ OF ❁ CAMBRIDGE. ❁

Oct. 30

In Board of Aldermen, 188 8

The Committee on Roads and Bridges,
to which was referred the petition of James Garvey
praying that the city will sell to him a parcel of
land at the junction of Hampshire street and
Webster avenue,

Reports,

~~Recommending~~ That
at the request of your committee, the City Engineer
has prepared the accompanying sketch of the land
in question. The petitioner owns an adjoining lot,
upon which he intends to erect a building. If he
can purchase the land shown in the sketch, it will
give the petitioner the opportunity of extending his
building and making a desirable improvement in the
locality. Your committee recommends the adoption
of the accompanying and placing the aforesaid lot
upon the list of salable city lands.

For the Committee.

Henry A. Jorsey
