PRESS RELEASE

With the coming of spring the City of Cambridge will once again embark on its "Street Cleaning Program" and once again the City is asking the residents for the wonderful cooperation they have received from them in the past. As in the past, the City is separated into (10) ten street cleaning districts and each street will be swept once every month. We are asking the residents to watch the newspapers for the monthly street sweeping schedule and a map of the City showing the street sweeping districts.

The City has scheduled its first sweeping for April 1, but due to the snow piles that now exist on some of our streets, we may not be able to sweep so please check your streets for signs stating the day and time that your street is scheduled to be swept.

We would again like to thank the residents of the City for their wonderful cooperation in the past and their continuing cooperation in the future and also to remember to clip out of the newspaper the "Street Cleaning Districts" map and the monthly sweeping schedule and if there are any questions concerning your street, please call the Traffic and Parking Department at 876-6800, Ext. 314 and someone will give you the information you want.
