Please call me when you get these. Thanks.

1. Ordered that the city solicitor inform the Council why he believes that the permit and fee requirements of the City's Street Performer ordinance (Section 12.16.170) do not violate the First amendment to the United States Constitution

Further ordered that such analysis be provided to the Council in a timely fashion so that if the Council deems suspension or repeal of the offending sections of the ordinance to be appropriate, it could be done before prime performance season begins.

2. [gallucio and braude order on scholarship program]

3.
Whereas use of the internet approaches 90% for those in Cambridge 45 years old and younger

Whereas use declines as age increases, ultimately falling to nearly 50% for those 56 years of age and above

Whereas computer access and internet use not only serve a utilitarian and education function, but allow for social interaction, as well

Ordered that the manager report to the council on access to and training on computers for the City's seniors
