NEW NUMBERS FOR I-93 EXITS

New exit number and name signs will soon be erected on I-93 from Canton, MA to the New Hampshire state line, according to Commissioner of the Massachusetts Department of Public Works, Robert T. Tierney. The signs will start going up mid-summer with an expected completion date of November of this year.

To facilitate travel, signs bearing the legend "formerly" and indicating the old exit number, will be installed at all locations within the project. These signs will remain in place for approximately two years.

Federal regulation now requires consistent exit numbering along interstate highways, hence the necessity for changing the exit sign numbers.

The new changes are as follows:

RE: Sign Changes on Route I-93

Enclosed please find a press release regarding the changes in the exit numbers on Route I-93. You will also find a complete list of the new exit numbers, their corresponding old numbers, and the legends -- some of which are new.

Please circulate this information to the businesses that may be affected, especially to those who may be in the process of printing new maps and brochures.

The information has been distributed to the press.

Thank you so much.
