IN CITY COUNCIL

November 4, 1996

MAYOR RUSSELL
COUNCILLOR GALLUCCIO
COUNCILLOR TRIANTAFILLOU

WHEREAS: It has come to the attention of the Cambridge City Council that the Cambridge Redevelopment Authority, when developing Kendall Square, made provisions for a "right of way" through the Marriott Hotel lobby for workers on the opposite side of Broadway, so that they could access the "T" station; and

WHEREAS: Crossing that section of Broadway is hazardous for many different reasons; and

WHEREAS: Several hundred workers have signed a petition regarding their safety concerns in this area; now therefore be it

RESOLVED: That the City Manager be and hereby is requested to confer with the Traffic, Parking and Transportation Department to see what remedial measures may be taken to alleviate the conditions which exist in this block.

In City Council November 4, 1996
Adopted by the affirmative vote of nine members.
Attest:- D. Margaret Drury, City Clerk.

Sheila Russell, Mayor
City of Cambridge
795 Massachusetts Avenue
Cambridge, MA 02139

Dear Mayor Russell,

Attached is a petition signed by five hundred workers employed at the Volpe National Transportation Systems Center. These signatures were collected by members of the National Association of Government Employees which represents the Federal employees at the Center, but the signers include managers and supervisors, on-site contractors, and others who are not represented by NAGE. The signatures were collected off-site, before and after work and during lunch breaks.

NAGE joins the petitioners in requesting your attention and support in addressing a public safety problem at the Center. In addition to numerous near-misses, we have had two serious injuries to employees who were struck by vehicles while crossing Broadway. We do not have a single, simple solution to the pedestrian crossing problem here on Broadway, but we are sure that, with your support, and that of the Traffic Department, one can be found.

Sincerely,

Michael J. Sheehan
President
NAGE Local R1-195

Dear Mayor Russell,

Over the past year, several employees of the U. S. Department of Transportation have been struck and injured by vehicles while attempting to cross Broadway between the Cambridge Marriott Hotel and the Volpe Center. You are probably aware of the efforts made by USDOT management to work with the City's Traffic, Parking, and Transportation Department to establish a controlled crossing point on Broadway in front of our building. To date, none of these efforts have resulted in practical action.

As the days become shorter and the weather becomes more unfavorable for pedestrians, the undersigned workers at the Volpe National Transportation Systems Center, 55 Broadway, Cambridge, request your help in securing a safe crossing between our place of work and the Kendall Square T station.
