

Congress of the United States
House of Representatives
Washington, DC 20515-2108

May 3, 1999

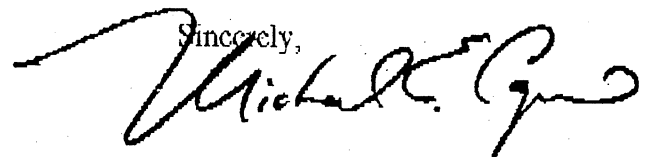

The Honorable, The City Council
795 Massachusetts Avenue
Cambridge, MA 02139

Dear Mayor Duehay & Members of the City Council:

I write to offer any assistance my office may be able to provide to the city, city officials and to the residents of the East Cambridge, Wellington-Harrington and Area 4 neighborhoods when addressing the issue of the Comm/Energy development.

The Cambridge City Council has a long and distinguished history of responding to the needs of its residents. They are the true of leaders of the city. In all my years of public service, *listening* to the concerns of those most impacted by government has been the hallmark of municipal government...and Cambridge has always been a leader in this regard.

Everyone understands that development in Cambridge, Boston, or any city or town in my district is necessary, and desirable in the changing economic world of today. However, the community impacted by any proposed development should be given a fair opportunity to be heard and have their legitimate concerns addressed. I stand willing to assist the city and its residents in this important matter.

Sincerely,

MICHAEL E. CAPUANO
Member of Congress
8th Massachusetts
