

1-28-91

Dear Councillors:

It is astounding how many obstacles Stefani's Pizza has had to face to move their business across the street. Consider:

- They are an independent business going strong in a neighborhood that supports them (how many signatures were on their petition?)
 - the traffic argument is unfounded - esp. given all the other traffic use (including 2 bus stops) at that intersection
 - they have gotten all the permits and approvals they were told they needed - they acted in good faith.
 - their pizza is great. Keep Stefani's on Brookline Street.
- Thank you, Lizz Frost
