To the Honorable, the City Council:

In response to Awaiting Report #7 regarding an investigation of conditions behind the block of Massachusetts Avenue between Dudley Street and Alberta Terrace, please be advised of the following:

The Inspectional Services Department has inspected the area on several occasions to determine whether all sanitary codes are being followed. Five dumpsters behind the block of stores were found. On early inspections, trash was found overflowing from or outside the dumpsters, on later inspections the area was found clean.

The Department has met with restaurant managers to discuss the dumpsters behind their facilities and the trash removal schedule. The property manager of the premises, Investment Limited, was also contacted and informed of the Municipal Code regarding dumpsters. As a result, the management company is in the process of installing a fence in the back of the property to screen the dumpsters from view.

To date, Inspectional Services has received no additional complaints regarding this area. However, the situation will continue to be monitored by the Department.

Very truly yours,

Robert W. Healy
City Manager
