City Hall Annex Inman & Broadway EXTENSION 344

To James L. Sullivan, City Manager

From Richard Fahlander *RF* **Date** April 27, 1979

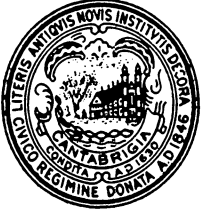

Subject City Council Order No. 25 of April 2, 1979 re: Plans for Moving
Out of Town News Building in Harvard Square

I have contacted the MBTA to determine the plan for moving Out of Town News. The attached map shows the planned sequence for relocation. There is not yet a definite time schedule, but the initial move will not take place for several months. The owner of Out of Town News, Sheldon Cohen, has been informed about this plan, and he will be kept up to date by the MBTA as construction proceeds.

The present building will be taken down, and a temporary newstand will be constructed in front of the Cambridge Savings Bank near the temporary Holyoke Station entrance (Location A). The temporary newsstand will then be relocated to a spot near the new Church Street subway entrance (Location B). At the completion of construction, Out of Town News will move into the renovated Kiosk adjacent to the main station entrance (Location C). The details of the Kiosk's reuse have been determined by the MBTA, the Historical Commission, and the City Manager's Office.

When a precise time schedule is available the information will be forwarded to the Council members.
