CAMBRIDGE MA.
Notice of Public Informational Hearing

EFSC No. 83-4(A)

Cambridge Electric Light Company
2421 Cranberry Highway
Wareham, MA 02571

The Energy Facilities Siting Council will conduct a public informational hearing on January 21, 1986, at 7:30 p.m. at the Tobin School, 185 Vassal Lane in Cambridge to receive public comment on underground electric transmission and substation facilities proposed for construction in Cambridge by Cambridge Electric Light Company.

The Company has filed an Amendment to its Petition seeking approval to construct two three-mile 115 kV underground transmission lines between the existing Alewife Substation and a new 115/13.8 kV substation proposed for construction on Putnam Avenue. Copies of the original petition and the Amendment are available for inspection at the EFSC offices and at the Cambridge Public Library, 449 Broadway.

The EFSC will conduct a formal adjudicatory review of the amended Petition. The informational hearing is the first step in the review process. The EFSC will review the proposed facilities to determine whether they are necessary to provide an energy supply to the area with a minimum impact to the environment at the lowest possible cost.

Any person desiring additional information should contact the EFSC at the address or telephone number below. The deadline for filing formal petitions to intervene or for interested person status is January 31, 1986.
