

Jeremiah J. Coughlan
Chairman

City of Cambridge
Massachusetts
Office of Board of Park Commissioners

April 8th, 1932.

To the Honorable
the City Council
of the City of Cambridge.

Gentlemen-

The Board at its meeting April 5th, received an order requesting a conference with the School Committee relative to use of Taylor School yard for playground purposes this coming season; a second order requesting conference with the officials of the Boston Elevated Railway Company, with a view of securing the use of land at Baldwin and Cambridge Street, for a playground.

The Board regrets that on account of reduced appropriation for playground purposes this year, they deem it inexpedient to carry out your wishes.

Respectfully,

R. C. Manning
Clerk of the Board.
