

PETITION

Protect Cambridge's Alewife, Our Last Remaining Wilderness.

Come to the Metropolitan District Commission Hearing

20 Somerset St., Boston, next Tuesday, September 14th at 6 PM.

Or sign our Petition.

Twenty years ago the Metropolitan District Commission allowed AD Little to use Alewife wetlands for a parking lot. Now AD Little has sold their property, yet the Commission is about to give the new owner a five year lease. This is not right. The property has ample space for parking without MDC land and the T Station just around the corner.

The lot should be returned to its original wet land status. The Commission has recently reclaimed other properties; and Alewife needs every square inch to maintain its value to the public. Alewife is not just a wilderness. It also offers vital drainage to the area in flood times and is essential to our public health.

PETITION

Protect Cambridge's Alewife, Our Last Remaining Wilderness.

Come to the Metropolitan District Commission Hearing

20 Somerset St., Boston, next Tuesday, September 14th at 6 PM.

Or sign our Petition.

Twenty years ago the Metropolitan District Commission allowed AD Little to use Alewife wetlands for a parking lot. Now AD Little has sold their property, yet the Commission is about to give the new owner a five year lease. This is not right. The property has ample space for parking without MDC land and the T Station just around the corner.

The lot should be returned to its original wet land status. The Commission has recently reclaimed other properties; and Alewife needs every square inch to maintain its value to the public. Alewife is not just a wilderness. It also offers vital drainage to the area in flood times and is essential to our public health.
