City Council Members

Attention: City Clerk

City of Cambridge

City Hall

Cambridge, MA 02139

Dear City Council Members:

I'm writing to strongly endorse the plan developed for the renovation of Massachusetts Avenue north of Harvard Square by the Department of Public Works in cooperation with numerous members of our community. The DPW plan will greatly enhance this area for both pedestrians and bicycle riders, while promoting more orderly traffic flow. A large number of individuals devoted many hours attending community meetings and giving their input to this project. It seems that a small number of persons who did not participate in this process are now trying to undermine this broadly based effort. I strongly urge you to support the DPW/citizen process that represents the very best in democratic government.

Sincerely,

Walter C. Willett, M.D., Dr. P.H.

WCW/as

Consent Communication #7 5-261
