Dear Ms. Hagedorn:

Earlier this week I met with John O'Brien, Administrator of Cambridge Hospital, Robert Peterkin, Superintendent of Schools and Jill Herold, Assistant City Manager for Human Services to discuss the current planning for a comprehensive adolescent health clinic at the high school. While each of them has indicated to you their support it is clear that there are many aspects which will need extensive analysis and review before the City and the School Department can make a firm commitment. At a minimum those areas needing thorough consideration include the policies, administration and financing of such a clinic.

The individuals listed above will be in touch with you this week to arrange a meeting to discuss the matter further.

Very truly yours,

To the Honorable, the City Council:

For informational purposes I am enclosing my attached letter to C.H.A.T., a coalition of agencies in Cambridge serving adolescents.

In my letter I have indicated to them a series of issues which must be thoroughly addressed relative to their proposal to the United Way for a comprehensive teen health clinic at C.R.L.S. In addition, I have been informed by Dr. Peterkin that he will be bringing this matter to the attention of the School Committee for their policy and guidance.

Very truly yours,

Robert W. Healy
