

June 7, 1974

Dear City Councilors:

We Kay Mansfield and Helen Smith request that we be allowed to appear before the Cambridge City Council on June 10, 1974. We feel that there is a great need for an Outreach Program to assist the elderly and low income families in making out the applications for the Food Stamp Program. We feel that a great majority of eligible persons will not be reached if such a program is not implemented.

Sincerely,

Helen Smith
