RE: Summer NYC Appropriations
DATE: May 16, 1973

all
Counselors

During last October Congress passed the first FY73 Supplemental appropriations which provided \$256.8 million for 1973 summer youth programs. As I reported last week the House HEW Subcommittee on appropriations has prepared a DOL HEW FY73 Second Supplemental Appropriations which provides no new money for a summer youth employment (NYC) programs. The Subcommittee did refuse the Nixon Administration request to rescind the \$256 million previously appropriated in October. This Congressional action allows the President to spend this \$256 million from the FY73 First Supplemental on a summer NYC program. It is most urgent that you tell local officials about these funds.

Comm. 22.

Funds for the N.Y.C. Programs
