The area of the property is seventeen and two thirds acres, of which there are from ten to twelve acres of Trap Rock, which can be practically worked to an average depth of fifty feet.

It adjoins the Fitchburg R. R. and there are admirable facilities for constructing a track around the base, and for erecting the necessary structures.

A Gates Crusher with a daily capacity of 500 tons, can be worked to its full capacity by a force of 50 men, and the daily expenses ough not to exceed $100. The crushed stone sells f. o. b. cars at Crusher for $1.00 per ton, the quantity and profit can be computed as follows:

1 Acre--43560 square feet--1 Acre, 50 feet deep--2, 178,000 cubic ft.
