Gentlemen:

Each year the Seventh-day Adventist Churches of America conduct a nationwide campaign to secure funds for medical, educational, and welfare work for peoples of all races and religions. These funds are used to assist the needy, both locally and abroad, supplementing the gifts of the members of the church.

The Boston District of Seventh-day Adventists, of which Cambridge is a part, is now engaged in this yearly solicitation. To help in this important work, we wish to secure a tag day in Cambridge for September 23, 1971. In case of bad weather, we request September 24 as an alternate date. We assure you that we will conform to all local regulations on the conduct of such Tag Days.

We wish to thank you for considering our request.

Sincerely,

William King
District Superintendent
