Re: Shelter Inc.

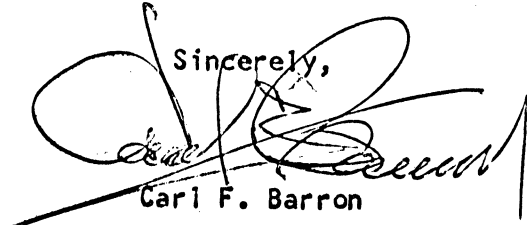

For years, I have been interested in the problems pertaining to homeless people, destitute, and in need of help from others. In this regard, I have had contacts with Shelter Inc., a group of dedicated people, who provide a more worthy and useful role, in solving, partially or completely, the problems of many people in Cambridge.

I strongly urge the Cambridge City Council to support, both financially and by moral encouragement, the location and establishment of a building to provide the services needed to further the program of taking care of homeless adults, who otherwise, literally, live in the streets and doorways, even in mid-winter. In this regard, a location close to Central Square, but not in a residential area, would service the purpose.

For my part, I have promised to supply, without charge, and with the compliments of my wife and myself, as many beds as the building will hold. This is a standing offer, and, of course, requires a building in which to place them.

Your cooperation would serve a humanitarian and worthwhile purpose which I support.

Sincerely,

Carl F. Barron
