Dear Ms. Zoref:

Grant Number: 01-H-000553-03

This is to inform you your grant application entitled "Comprehensive Health Centers Program" has been disapproved.

New needs and demand requirements coupled with a severe reduction in available grant dollars has necessitated establishing priorities to determine which projects will be funded in FY 1982. Projects not as productive or effective as others or which serve low priority areas are being discontinued.

However, to assist you in arranging an orderly phaseout of Federal funding we are extending your current grant period through April 30, 1982 and will authorize expenditure of your estimated carry-over balance funds not to exceed \$160,062 upon receipt and approval of a revised budget in that amount.

Please submit your revised budget to Ms. Mary O'Brien, Director, Office of Grants Management, as soon as possible.

Sincerely yours,

  
Edward J. Montminy  
Regional Health Administrator
