City Council
City Hall
Cambridge, Massachusetts

Dear and Honorable Members of the City Council:

On behalf of the Model Cities Board I would like to express gratitude for your approval of the ammendment to the Urban Beautification Program to allow for the upgrading of the environmental and recreational areas of the Model Neighborhood Area Housing Projects.

The cooperation of all city agencies involved in the Urban Beautification Program is appreciated. Model Cities is truly working when agencies eliminate burdensome red tape to effect change and betterment in the lives of Cambridge residents.

We look forward to the continued cooperation of your assembly and that of other elected bodies, commissions, agengies, and groups in the realization of a model city for Cambridge.

Thank you.

Sincerely yours,

Francis X. Hayes
Francis X. Hayes
Chairman

Communication from Francis X. Hayes, Chairman Model Cities Program thanking the City Council for approval of amendment to the Urban Beautification Program.
