Re: Council Orders of February 2, 1976

Order of Councillor Graham: Status of Western Avenue

Reply:

The status of Western Avenue is as follows:

Preliminary survey work has been completed by the Middlesex County Highway Department. Utility companies have been notified as to repairs that they might need, and preliminary design plans should be completed within the next month.

It is anticipated that final design plans will be completed in July, and the project advertised for bids shortly thereafter.

The project has been funded by the State Highway Department.

Order of Councillor Duehay: Aberdeen Avenue Branch Library

Reply:

The architectural plans and specifications have been prepared and are ready for bids. I have held off advertising until the status of Local Public Works Capital Development and Investment Act of 1975 is finalized, as this project would be eligible for funding. If the Local Public Works Act is not funded, we will complete the project under the Rehabilitation of Public Buildings Account.
