Dear Sir, I am instructed by

he has no personal interest in
the matter.

It is his duty to consider two
interests one that of the life

believes that each interest
will be injured, he must
decline to give the land and
must insist on proper
compensation in case the city

To The Honorable, The Mayor

I have received a copy
of the order passed in the Board
of Aldermen for the City of Cambridge
on the 19th of September 1893, that
notice be given to the owners abut-
-ling on Norton Street, that the
City propose to take land and widen
said street; and that the evening of
the 3^d of October is assigned for
the hearing of objections to such wi-
dening.

While I do not feel
that I can afford to employ Counsel
to appear before you and oppose said
widening, I think it my duty, both
to myself and my children, to inform

you that I object to the taking of my land for said purpose, on account of the great injury and damage that will accrue to my estate by your action. My lot is narrow on Aron Street, but extends on Norton Street to land of the late John A. Whipple, so that to-day, my lot is long and narrow, and you propose to make it still narrower, bringing my house near to the line of Norton St.

My house is small, - fortunately in this instance, - but if I should desire at any time to build a larger house, how could it be done on the narrow lot you propose to leave me?

From my estate more land must be taken than from any other on the street.

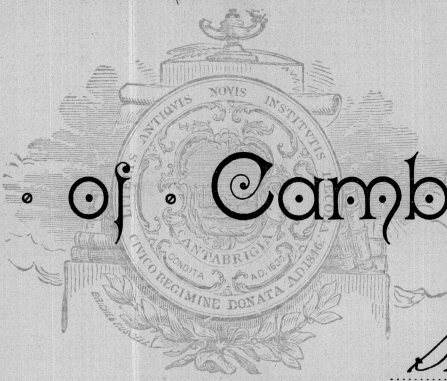

I do not understand that the call for this widening comes from abutters on Norton Street; - but from dwellers on neighboring streets, who think the vicinity would be improved, but are far enough

removed to escape the inconvenience of noise, dust & shut-
tling repairs, and from any fear of abettors for
betterments and improvements.

I hope, gentlemen, that
before you decide to take from me so much land as you
will require to carry out the plan you have indicated that
you will carefully review the matter. With this simple
statement of the matter and with great confidence that
you will see that no abatement comes to me or my
estate & leave the matter for your determination.

Very Respectfully
Hiram C. Black,

To the Honorable, the Board of Aldermen
of the City of Cambridge.

The undersigned respectfully represents that by an order of the Board of Aldermen passed on the 8th day of November 1893, Cushing Street in said Cambridge was widened and a portion of the land of your petitioner taken for that purpose: that the sum of Fifty-six $\frac{10}{100}$ dollars, awarded him in payment for all damages sustained by him by reason of said widening is an inadequate and insufficient amount to fully compensate him for land taken and for other damage sustained by your petitioner in the loss of fruit trees and grape vines - Therefore your petitioner prays that your Honorable Board, may award him a larger sum of money to fully and adequately pay him for all damages sustained by him by reason of said widening of Cushing Street by said City of Cambridge.

William Kelley.

CITY OF CAMBRIDGE.

In Board of Aldermen, September 25th, 1894.

The Committee on Claims

to which was referred the petition of William Kelley representing that the sum of \$56.10 awarded to him as damages for land taken to widen Cushing street in the year 1893, is insufficient to compensate him for the loss of fruit bearing trees and vines, destroyed by the City, and damages to his remaining land, and asking that a larger sum that shall more adequately pay him, be awarded: -

Reports

That at a hearing before this Committee upon the aforesaid matter, the petitioner expressed his willingness to accept the award before mentioned, provided the City will reconvey to him the land taken from him, - with the understanding that the City shall have the right to enter upon said land whenever it may be necessary to do so, for the purpose of retaining said Cushing street on the easterly side.

The land taken on Cushing street, was taken for the purpose of making the proper slope for the retention of the street, the petitioners' land being much below the street grade. The land taken of Lee and Mantor on the westerly side was reconveyed to those parties upon the agreement by them that the City should have the right to enter therein, *wherever it might be deemed necessary to do so.*

now the right to enter therein, ~~therefore~~ it might be necessary to do so.

Your Committee recommends the adoption of the accompanying order in accordance with the proposition of the petitioner.
