My dear Councillors,

I write to tell you how grateful I was for the presence of the farmers market unit on granite street on the grounds of the Morse School last summer and fall. And I urge you to make every effort to continue that service this coming spring, summer, and fall.

I am also thankful for the presence of Trader Joe's. Although it can't fill my need for an easily accessible super market of a general nature, it is a big help to anyone in my situation. As a woman of 79 years who lives alone without a car, I found the loss of a shop nearby a tremendous blow. much, the not

things are all packaged in much too large amounts for me and are limited in general. Hence my delight with the farmers market.

Thank you all — and keep up the effort.

Sincerely,
Marion Foley Clapper

As a woman of 79 years who lives alone without a car, I found the loss of Stop and Shop nearby a tremendous blow. And Trader Joe relieves much, tho not all, of the pressure. I cannot turn to them for fresh produce because their

things are all packaged in much too large amounts for me and are limited in general. Hence my delight with the farmers market.

Thank you all — and heck up the effort.
