The Honorable Edward A. Crane
Councilor, City of Cambridge
1 Boston Place
Boston, Massachusetts

Dear Ed:

How difficult it was to write a letter of resignation after almost twenty-five years of service to the City of Cambridge. It is equally difficult to find adequate and expressive words to describe my appreciation to you for initiating the resolution recently adopted by the City Council on May 24, 1971.

Simply to say "Thank You" is certainly not adequate. Your interest and successful efforts will not be forgotten. Please thank the full membership of the City Council for their unanimous vote of the resolution you initiated.

The true friendships I have made throughout the years at the Cambridge Hospital will never leave my memories. I know only too well that the resolution will not separate me nor my family from people like you.

As always,

Gratefully yours,

Bill
